

Instructions: READ LABEL FIRST

Never allow industrial strength products to contact your skin or be contained against your skin by your clothing or footwear. Wear personal protective gear including waterproof footwear (NOT SNEAKERS) when stripping floors. This is a concentrate. Do not use straight. Carefully measure and dilute according to the following directions. Mixing this product too strong may be hazardous to your personnel and property. May be used with any water temperature.

Dilution at 20 to 1
1 quart to 5 gallons of water
1 gallon to 20 gallons of water
2 gallons per Aztec Liquidator

CAUTION: SLIPPERY!

Place WET FLOOR SIGNS in work area. Thoroughly wet floor with diluted Sidewinder Stripper using Aztec Liquidator. Allow to dwell 5 to 8 minutes (do not let solution dry on floor), before stripping with Aztec Sidewinder. Remove soiled solution with Aztec Guzzler.

Rinse floor with fresh water (for best results add Aztec's Neutral Cleaner to your rinse water), then pickup. Let floor dry completely before applying Aztec's UHS Floor Finish.

NEVER EXCEED 20 to 1 ratio with this product.

SAFETY PRECAUTIONS

Avoid contact with skin and clothing. Wash thoroughly after handling.

IF IN EYES

Hold eyes open and rinse with water for 15-20 minutes. Remove contact lenses. After the first 5 minutes then continue.

IF ON SKIN OR CLOTHING

Immediately flush skin with water for 15-20 minutes while removing contaminated shoes and clothing thoroughly.

IF INHALED

Move person to fresh air. If person is not breathing, call 911 then give artificial resuscitation, preferably mouth to mouth if possible. Call doctor for further treatment.

IF SWALLOWED

Do not induce vomiting. Drink one cup of water as soon as possible to rinse throat and immediately call poison control or doctor. Do not give anything by mouth if unconscious.
