Dear: Steven

I would like to thank you for your honesty and help in purchasing equipment from your company. When we spoke six months ago, you had told me that your products were some of the best machines on the market and that if I purchased equipment from your company, my business would grow. I wanted to let you know, that you were exactly right. My business has more than tripled in less than 4 months. I have also saved hundreds of dollars in man hours specifically due to your equipment.

I would like to thank you again for your help and dedication to the business. You are an asset to the Aztec corporation. The owner of the company should be very proud to have someone like you working for him.

Sincerely,

Joseph Shenekji
